Sir,

See Para 13

Para 5 of No 4179 dt 16th November 1871 from Secretary.

With reference to the marginally noted letter, I have the honor to forward for the information of the Chief Commissioner, the accompanying letter No. 892/52 dated 29th May last from Major Comperitz, the present Offg Superintendent of Police, together with the statements therewith received, on the subject of the immediate and prospective reductions and savings which it is proposed to carry out in the cost of the Police of the Bangalore District.

Enclosure of Supdt Chandidroog No 229 of 2nd June 1872

2. It will be observed that it is proposed to dispense with the services of the 12 Gonnashtas attached to the head Police Stations of each Taluq who were, as appears from Major Comperitz's scheme for reorganizing the Police of the Bangalore Dis

=trict, employed only as a tentative measure, un=
=til such time, as the Killedars who were illi=
=terate men, could undertake the Clerical duties
of their Offices. Major Gompertz reports that
there is now only one Killadar who is not able
to read or write, and that his services will be
dispensed with on the proposed absorption of
some of the Taloo Ro.

3. In anticipation of the Chief Commis=
=sioners approval, I have directed the immediate
dismissal of the 12 Goomashtas and of the in=
=competent Killedar who has hitherto failed
to qualify himself for the duties of his Office.
The savings that will accrue from this mea=
=sure will amount to Rupees 2160 annually.

4. Another item of saving recommended,
is the reduction of the horse allowance at present
granted to 3 head Constables of the Cantonment
Police amounting to Rupees 360 per annum. This
saving also I have ordered to be carried out
at once.

5. The following savings have already
been effected. In the item of Police Clothing
for the Town and Cantonment Police, the sum
of Rupees 1600 has been curtailed from esti=
=mates which have hitherto been framed

upon rather an expensive scale

In the item of house rent a saving of Rupees 600 per Annum has been secured by the removal of the Police Office into the Premises occupied by the Cantonment Magistrate as his Office.

6. In the 13th Para of his letter Major Comperty also refers to a saving of Rupees 1920 per annum which he effected in the early part of last Year in the Office Establishment of the Cantonment Magistrate, and which he considers may fairly be credited to, and taken as an asset for the Police Office.

7. It will thus be seen that the total amount of savings already effected, and which will be immediately carried out, amount to Rupees 6660 per Annum.

8. After giving my best consideration to the subject, I am of opinion that no other immediate savings are feasible, and I concur with the opinions expressed by both Major Comperty and the Deputy Superintendent of the District, that any further reductions would injuriously affect the efficiency of the Force in the interests of Government as well as those of the Public.

9. A further prospective saving of a much larger amount may I think be eventually carried out on the proposed absorption of three of the Talooks in the Bangalore District, under the scheme for the revision of the Civil Courts of the Nandidroog Division, which has already been submitted to the Chief Commissioner, and by a reduction in the strength of the Regular Police when the Village Police is organized under the new Police scheme, and when the men of the Regular Force are relieved from guarding the Lockups of the District and other duties not properly appertaining to the Police in accordance with the Rules newly framed by me.

10. It is impossible at present to estimate accurately what these savings will amount to, but in one item alone, when the three small Talooks of the District are absorbed, a saving of Rupees 2160 per annum will be effected by dispensing with the services of three Killedars.

11. Major Gomperty, it will be observed, has taken advantage of the present opportunity for urging the necessity of making some increase to the strength of the Cantonment

Police. As noticed by Major Gomperty, the size of the Cantonment have greatly increased since the strength of the Police was last revised and fixed in 1868, and the duties falling on the Police have also largely increased of late owing to the introduction of new Municipal Bye laws, the Contagious Deceases Act,

12. As Major Gomperty appears to me to have given very full and weighty reasons for the necessity of the increase proposed by him, and as his views are supported by the Deputy Superintendent, who considers that the increase in the Cantonment Force is so urgently required, I beg to recommend Major Gomperty's proposals for the favorable consideration of the Chief Commissioner.

13. The proposal made by Major Gomperty is to add 34 men to the Cantonment Police Force at a cost of Rupees 4328 per Annum as per marginal extract from the 2nd Proposition Statement submitted by him. If this increased Cost is sanctioned, as against the savings effected, a Balance of immediate saving amounting to Rupees 2312 per Annum will still remain.

14. I have called for a detailed report with reference to the remarks made by Major

Précis of the correspondence between the Judicial Commr and the Supt of the Nundidroog Division, regarding the reductions proposed in the present Police Establishments received with Jud. Commr's letter No. 892/95 d/ 15th July 72, to the Secretary's address.

Para 7 of Govt No 213 J. d/ 2nd Novr 71.

The Jud. Commr, in connection with the instructions from the Govt of India, inviting attention to the expediency of effecting reductions in the large Establishments of the Police in the Bangalore District,

Letter No. 1958 d/ 13th Octr/71. 422

called upon the Supt of Nundidroog to report on the reductions which he thought were feasible; drawing his attention at the same time to a former proposal of Capt. Gouperty's, of substituting Six Sub Inspectors for Inspectors, for the smaller Talooks.

No. 622 d/ 4th March/72.

The Supt, in reply, forwarded copy of a communication from the Dy. Supt enclosing a Proposition Statement and letter to the latters address from the Supt of Police

Letter to Dy Supt No 638/129 d/ 16th Jan: /72

Mr Christian was of opinion that no reduction was feasible in the present Force - that the substitution of Sub Inspectors for Inspectors was not advisable, and that the numerical strength of the Force, which already was barely sufficient for present requirements, could not be reduced.

Letter No. 1046 d/ 1st Febr. /72 - 1st address of the Supt.

Mr Ricketts' opinion was, that as regards the District Police he agreed that the numerical strength could not be reduced, but he thought the number of Killadars could be lessened from 14 to 12, and the pay of 5 of the Killadars drawing 55 Rs. a month reduced to 50 Rs, and the horse allowance of all reduced from 20 Rs. to 15/. the same being likewise done to the rate drawn in the Cantonment and Town Forces. The cost of the Police in the Town & Cantonment, would be thought be slightly reduced.

Colonel Pearse was of opinion that the 2 Killadars must be at once struck off - That the Office Establishment of the Supt of Police was also susceptible of reduction - With reference to the Duffadars and Peons he thought that according to the present state of things their number could not be reduced, but that 350 men for both Town and Cantonments a fair allotment

No 2709 d/ 16th

In reply to above, the Jud. Commr stated that

that he agreed, that the services of the two extra Killadars could be dispensed with, but it did not appear to him advisable to make any reductions in the numbers of other Police Officers or Constables or any alteration in the Salaries of the Killadars, the horse allowance could however be reduced to 10 Rs. which he thought was ample. He at the same time directed that Major Sompertz should be consulted on the reductions proposed.

In reply to this, the Supt transmitted a letter from the Deputy Supt forwarding Major Sompertz report which was to the following effect:— dated 22nd June/72.

The Services of the 12 Goomashtas attached to the Head Police Stations of each Talook should be at once dispensed with which will effect an annual saving of Rupees 2160. Paras 3 and 4.

On the absorption of the three small Talooks of Kingery, Surjapoor and Chennapatam being carried out, the services of three Killadars can be dispensed with which will effect a saving of 2160 Rs per annum. 5.

Deprecates the reduction of the extra 2 Killadars - or the horse allowance, but states that a feasible saving under the latter head can be made by striking out the allowance given to three out of the six Native Head Constables in the Cantonment which would give an annual saving of Rs. 360 per annum. 6 to 9.

It is impossible to make any reduction in the Establishments of the Head Quarters Police Office. 10.

During the early part of last year a saving of Rs. 1920 was effected in the Office Establishment of the Cantonment Magistrate which can be credited to, and taken as an asset for the Police Office. 11.

A large saving is anticipated in the cost of the clothing for both Town Police and Candachar; owing to the submission of the Estimates on a more economical scale. 12.

A Saving of 600 Rs. per Annum has been effected in house rent by removing the Police Supt Office to the Cantonment Magistrates Office. 13.

Urges the necessity of increasing the strength of the Cantonment Police Force, by adding thereto 36 men at an annual cost of Rupees 4328. 14 to 19.

The Deputy Superintendent supported all these

No 737 d/2nd
123 July/72

The Jnt. Commt. then called upon Major Gouperty for two Statements one shewing the whole Police Force entertained in each Talook and in the Cantonment and Town together with the present cost and the proposed reductions in Incn. &c. and the amount saved and the other to be drawn up in the same manner shewing the proposed increase.

No 273 d/ 6th

Major Gouperty forwards the two Statements indicated above.

This amount is the aggregate of 4 items, viz; of Rs 1600/ which has been effected in the Cost of Clothing by substituting a simpler dress and less costly materials than those hitherto given of Rs 600/ in Office rent which was ef-

11. The salary of the Superintendent of Police amounting to Rs 8,400 per annum may be fixed when sanction is accorded to the scheme which has been already submitted for the revision of the Civil Courts, and when the Deputy Superintendent has been finally relieved of all Civil Jurisdiction, but as large savings will be effected, irrespective of this salary, I have elsewhere proposed that the salary

be increased to the extent proposed, and that no further Savings or re-adjustments can be made than those which have been already proposed and effected towards meeting the increased Cost.—

To,

The Judicial Commissioner

of Mysore

Sir,

In reference to your letter No. 1046/241 of the 31st July 1872, I have the honor to forward copy of a letter, No. 885, of the 25th ultimo from the Deputy Superintendent, Bangalore District, and to point out that all the Officers who have considered the question are evidently unanimous in the opinion that an increase is absolutely ne-
-cessary, as regards the Police Force within

the Police in the Cantonment, not only as con-
-nected with their more regular functions,
but as regards work in connection with exec
duties relating to Municipal Bye-Laws, sa
Sanitary measures and the like, it was de
-sirable that the Police Force should be
strengthe- -d and this necessity became th
more ap- -nt when it was considered
how rapidly Bangalore was extending;
how populous quarters such as Cleveland
Town, New Combar Shoolay and the Sameri
Pet- -a has arisen in places which were form
almost open fields. No suitable police ar
-rangements have hitherto been made for
these places, owing to the inadequacy of

Board would not necessitate any increase
in Dr. Orr's Budget provision for the Police
which is Rs 18,374, in round numbers the
total ⅓ of Charge to be defrayed by the Can-
tonment Municipal Board will ac-
count to about ——— Rs 15000 ———
A 5% ratio Cost of increase proposed — 1443 ———
Rs 16,443 —

Rs 2160 — District
" 2160 — Sanitary
Rs 4320 ———

V The ratio of Cost to fall on Government
will be Rs 2886 and which I think should
be dealt with apart from such Savings
as that of the Commandant's pay Rs 2160 —
of the 3 Kiledars, on rearrangement of
the Scale to Rs 2160 — as these are or will
be Savings in the Cost of the District Police

the District Police, reductions will be feasible in connection with the re-establishment of the Village Police, still the circumstances & Condition of the Police within Municipal limits are so widely different, especially in the Class of Case to be dealt with, their numerical number and the [illegible] intelligence, that I fear the cost of the latter Police will always appear Considerable, but then it will be feasible to tax the wealth and property guarded & benefitted by such Police in some proportion to the extra expense entailed thereby on Government.—
